POLICY ON LETTERS

Concerning letters-to-the-editor policy of the Anvil Herald:

We do not write letters on any subject at the Anvil Herald, despite some accusations on the recent letters concerning the school system.

Yes, we do hold names upon the request of the writer, although I personally do not like to do so. I firmly believe that if a person has something to say and feels strongly enough about it to write a letter, then he or she should sign their name.

Somehow, somewhere back in my growing up days in East Texas my daddy, uncle or grand-pappy told me that I should always "stand up and be counted." Every once in a while I get the funny feeling that if more persons in this old United States would stand up and be counted on more problems we wouldn't be in the mess we are in.

That is why each week my name appears at the beginning of this column. Many of the opinions expressed are mine personally and I want the public to know they are mine. That way anyone who wishes to express agreement or disagreement can do so by contacting me.

However, we will continue to withhold names when requested to do so.

While I am at it, I might as well get some more off my chest. I also have been told by several persons that I should not have printed some of the letters at all. This is ridiculous. The public is entitled to express its opinion. And nowadays the newspaper is about the only place left where people can do this. I don't care if they are for me, against me, with me, neutral or what, they must be allowed to speak within the limits of decency and libel.

Therefore, we will continue to print letters so long as they do not libel anyone or become abusive. This does not mean that we relinquish our right to judge a letter and reserve the right to print or not to print.

AN UNUSUAL PAIR

Fred Bader has a tale of amusing interest when it comes to the unusual.

On his ranch he has one Longhorn steer and an old goose. And they are the biggest of buddies.

Fred says it is a sight to see the oddly-matched pair playing with each other. He says the steer will chase the goose all over the place and finally the goose will head for the water, swim out a few feet and then turn around and clack and fuss at the steer.

Fred maintains that any time he drives up in his pickup the Longhorn will run to get feed, and right behind him waddles the old goose.

All Stars play here tonite

Pearsall handed the Hondo-D'Hanis Little League All Stars a 4-0 defeat in Pearsall Tuesday night.

Jerry Alvarez gave up only three hits, but one happened to be a homerun with one

on, and he took the loss. He struck out five and walked five.

The two teams play tonite (Thursday) at 8 p.m. at Little League Field in Hondo,

Deputy drops burglar after hot chase by foot

A burglar discovered that over in the Devine area they have a pretty fast deputy in the form of James Ross.

Ross, who serves the Devine area for Sheriff Charles J. Hitzfelder, received a call

Local pecans ready

Six pecan growers from the Winter Garden area will have 23 exhibits in the Texas State Pecan Show slated for Austin July 19-21.

Clarence P. Wurzbach's first place Comanche Mahan varieties, and other placings will be on exhibit; and so will the Holy Cross Church's first place Halbert and other winning entries in the South Texas Pecan Show last December.

Lester M. Zerr, a native of D'Hanis now living in San Antonio, will also exhibit.

Planning to attend the show from this area are Mr. and Mrs. Allen Stein, Glenn Bragg, Clarence Wurzbach, Mr. and Mrs. D. McCrea and the Rev. Victor G. Schmidt-zinsky.

Anyone else interested in attending should contact Glenn Bragg at 426-2233.

about 2:40 a.m. July 11 that the J&N Ice Station on Highway 81 was being burglarized.

On arrival he looked through the window and saw two men. When he shouted at them he was the law and for them to come out, one broke and ran through the front door and down the highway. The other took out the back and Ross went after him. It was a good chase but Ross won and Charles Reaney, a convict on parole living in San Antonio, is now in Medina County Jail in lieu of a \$2500 bond.

His accomplice, Tommy Joyce, is still being sought. Law officials weren't so fortunate in the burglarizing of the Robert Driel home in Devine on July 6.

The culprit gained entrance through the garage door and then pried the back door open. They took a lawn mower, an edger, a pistol, five rifles, two shotguns, a color television, a black and white television, some cash, a coin collection, and assorted clothing, linens, towels, etc. Total value reached \$1,500.

Apparently they weren't interested in setting up complete housekeeping, for they passed up china, silverware and many other items.

Crops tour successful

Despite the bad growing season due to no rains, the annual Field Crops Tour sponsored Tuesday through the office of County Agent Glenn Bragg was a success. Some 85 persons made the tour and 96 went through the barbecue chow line. Going over corn problems after the event are left to

right: Fred Yanta, Devine, Chairman Medina County Crops Sub-committee; Dr. Dick Hoverson, area agronomist;

Maurice DeCock, Castroville; Dr. Jose Amador, area plant pathologist; and Jimmie Deere, area entomologist.

Dedication services to tie City into national network

Special ceremonies at 2:30 p.m. today (Thursday) will tie Hondo into a nationwide network of weather radar stations by officially dedicat-

ing the new Hondo facility.

Dignitaries representing the National Weather Service, the Air Force, Congress, Texas Water Development Board, tel-

evision stations and local governments will be on hand to witness the commissioning.

The tentative schedule calls for L. R. Mahar, Direct-

or, Southern Region, National Weather Service, to present the opening remarks. If he cannot meet the schedule the Service will be represented

by:

Robert E. Helbuh, Chief Operations Division, National Weather Service Southern Regional Office in Fort Worth; Carl Reber, Regional Use Representative, Fort Worth; Don Blevins, Design Branch Engineer, Fort Worth.

Also attending will be Edmond DiLoreto, Meteorologist in Charge of the San Antonio Forecast Office and Hondo Observatory.

Congressman Abraham "Chick" Kazen will be unable to attend but will be represented by his field representative Wallace D. Anderson of San Antonio.

Col. Hoyt S. Vandenberg, Randolph AFB Base Commander, will be present, as will John T. Carr, Jr., Texas Water Development Board.

The new facility will fill a large gap in the weather radar coverage of southwest Texas. It will be able to detect thunderstorm areas and other major weather disturbances as they move eastward from the Big Bend area and northward out of the State of Coahuila, Mexico. It will reach as far east as Beaumont, and north to Dallas.

Hondo was selected as the location for this station because of its strategic location in the Federal Weather radar network, and because it offers a favorable site free from obstructions which would block the radar beam, according to Mahar.

William Hare will supervise the new facility which cost in the neighborhood of \$275,000 with some \$200,000 of that being tied up in equipment. It will employ seven.

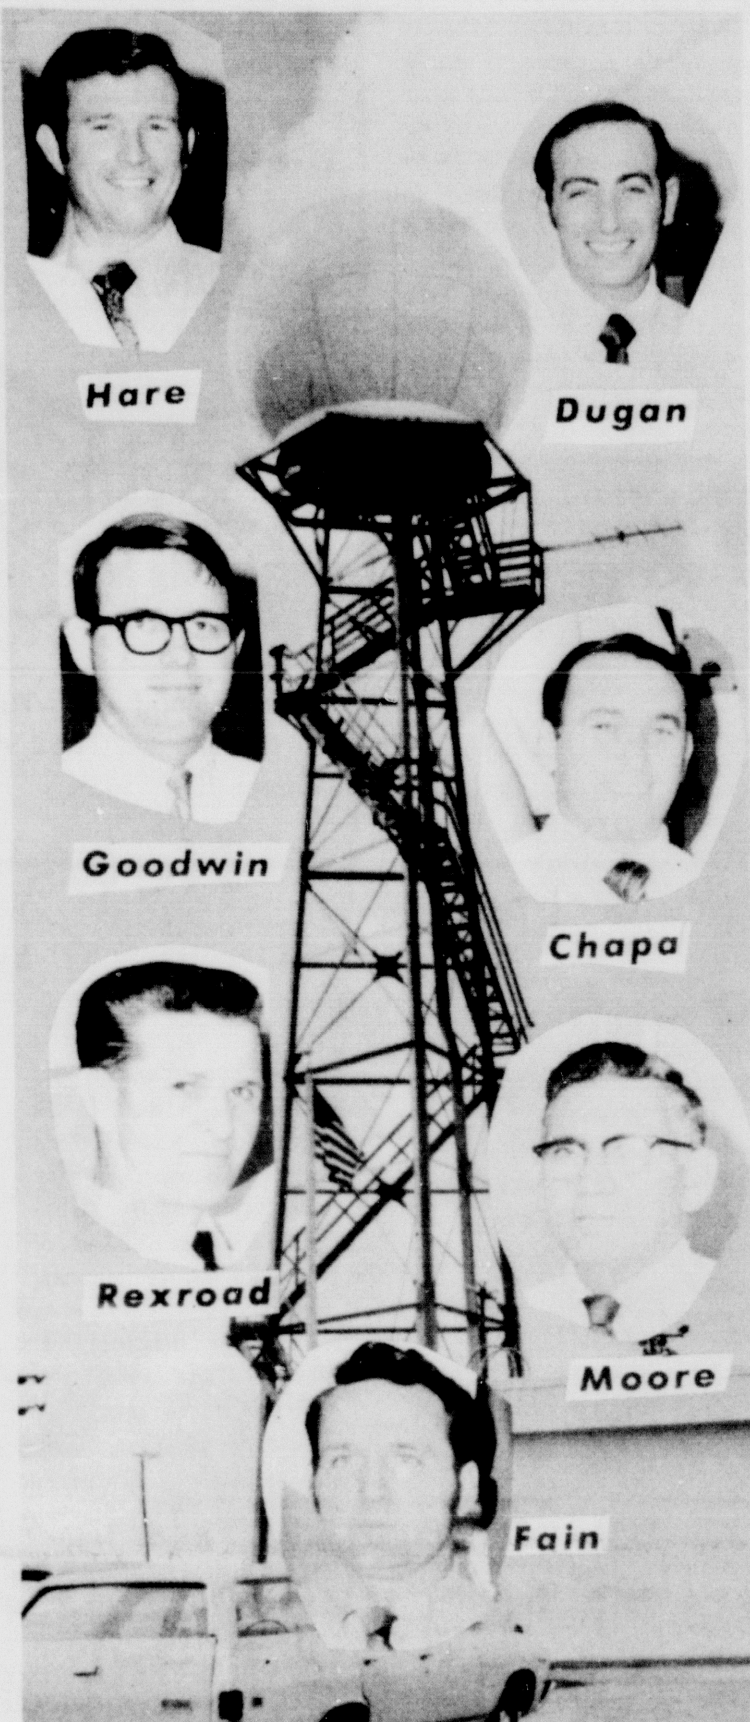

SBA man to visit

A representative of the Small Business Administration will be in Hondo at the Municipal Building on July 30 to talk to businessmen in the county who might be suffering from the effects of the drought.

In a letter to Chamber of Commerce Manager Harry Filleman, James S. Reed, district director, said the representative will discuss long term, low interest rate, direct loans to these businessmen.

This program is designed primarily to help businesses with working capital problems and to pay financial obligations, with the exception of bank loans, which they would have been able to meet had they not lost income due to the drought.

When applying, businessmen must be prepared to provide: a statement to the extent the business has been damaged by the drought; operating statements covering the drought period and a 12-month statement from a normal period; lists of accounts and notes receivable and payable; additional credit and financial information requested in the normal loan application.

Meet the people

Dedication of the new Hondo Radar Weather Station at 2:30 p.m. today (Thursday) officially makes these seven bona-fide members of the community. Although names only are given here, each is treated more fully elsewhere in the paper.

Court effort derailed

Bureaucratic obstinacy raised its head this past week and derailed the Medina County Commissioners Courts attempt at making it illegal to shoot spike bucks in the county this year.

Whether that derailment is temporary or permanent remains to be seen.

The Court had followed the intent of the new law pushed through the Legislature by Rep. John Poerner and rejected that portion of the Wildlife Commission's regulations.

But... the wording in the law showed up muddled after the Medina County action and the Commission says the

correct interpretation is "that a portion of the rules and regulations rejected by the Commissioners Court will revert to that followed in the prior year."

Which, County Judge Jerome Decker says, puts Medina County right back where it started-shooting of spike bucks will be legal.

Judge Decker and the Court still are working to put their effort back on the track. He is investigating the value of a public hearing to see if it can make any change in the law or might prove a much-needed challenge to the Commission.

Electrical usage, billings noted; delinquents warned

Figures given by Electric Department Manager Fred Johnson at the Tuesday night Council meeting shows that Hondo is growing even if at a slow rate.

Johnson's departmental report revealed that 90 new accounts have been added in the past year.

His breakdown also gave a comparison on electrical usage and billing for the same

period in 1970 and 1971. Total sales showed an increase of 571,701 KWH with various areas showing these increases:

Residential, 295,827 KWH; commercial, 101,864 KWH; industrial, 174,010 KWH.

Net billings showed these increases over last year:

Residential, \$7,904,80; commercial, \$5,480,94; industrial, \$2,132,31; for a total of \$15,518,05.

In a different area of electrical problem the Council discussed delinquent accounts. A recently adopted ordinance authorizes the city to cut off electricity when accounts are delinquent more than 60 days.

Council reaffirmed their decision to follow this ordinance and told Johnson to "cut 'em off" when they reach 60 days without paying.

Letters to the editor

Dear Burns:
Thank you for sending the Hondo Volunteer Fire Department tabloid.

I have been wanting to do a promotion like this in connection with the Firemen's Jamboree which is held each year on March 2nd. Apparently our annual Carnival and our Jamboree are similar.

Your tab looks real good and it will certainly be a big help to us when we do ours.

It was nice meeting you. In my column next week, I plan to quote your C of C card about "God's Country." Incidentally, we call our trade area the "Land of Milk and Honey" in recognition of our rather large dairy industry and the fact that we are the Queen Bee Capitol of the World.

Please drop by if you happen to be in this vicinity.

Thanks again,
Bob Whitten

Dear Mr. Lawrence,

The Hondo Chamber of Commerce is again very grateful to you and the Anvil Herald for your part in getting the word to the people about the Estate Planning Workshop that was held on the nights of June 28 and 29. The number of people in attendance indicated that the advance publicity was complete. The Chamber of Commerce by cooperating with the Medina County Program Planning Committee in sponsoring this program feel that a fine service has been rendered to the public. This service could not have been offered without informing the interested parties, a job you helped to so well.

As always, your cooperation in this instance is greatly appreciated.

Sincerely yours,
Harry E. Filleman

'Rescue Birds' of MAST to keep flying in area

WASHINGTON, D.C. --The "rescue birds" of the Military Assistance to Safety and Traffic program will keep flying in the San Antonio area, Congressman Abraham Kazen said today.

"The helicopter rescue of accident victims by the 507th Medical Company (Air Ambulance), based at Fort Sam Houston, has passed its test period with flying colors, and I am pleased that all concerned have expressed approval," Congressman Kazen said. "Students are still under way on the advisability of expanding the program, which is also being tested in Arizona, Colorado, Idaho and Washing-

ton, but I find no challenges to the wisdom of the MAST program at Fort Sam."

The Departments of Transportation, Defense and Health Education and Welfare began a test period six months ago. Military personnel and equipment man helicopters and provide emergency medical aid as part of their regular training activities, Congressman Kazen noted, so that there are benefits to the air ambulance personnel.

"Even more dramatic," he said, "is the record of help to accident victims, James E. Wilson, associate administrator of traffic safety programs

in the National Highway Safety Administration, has reported 240 missions flown by the 507th Medical Company, and he tells me that MAST has achieved its best results in the San Antonio area."

The service is basically planned to cover the 10 counties, or 9,000 square miles, but the "rescue birds" meet human needs so that injured persons are sometimes air-lifted to hospitals outside the area. Kazen said the enthusiastic support of hospital and public officials had been a major factor in Washington approval of the San Antonio MAST operations.

Neuman-Hollan Wedding Held

Miss Joyce Annette Neuman became the bride of Darrell James Hollan at the First Methodist Church in Devine on June 26. Rev. Billy J. Hammond performed the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Hilmer F. Neuman of Devine and Mr. and Mrs. Hubert S. Hollan of Fowlerton.

Given in marriage by her father, the bride appeared in a floor-length gown of lace over peau de soie with a boat neckline and long fitted sleeves. Her veil was attached by a small princess crown. She carried a bouquet of yellow roses surrounded by white daisies. For something old she carried in her Bible her Grandmother Neuman's lace handkerchief that she carried nearly 50 years ago. She wore on her bridal gown a gold brooch that was the groom's great-grandmother Hollan's.

The bridal attendants were Wanda Neuman, sister of the bride, who was maid of honor and Carolyn Hollan, sister of the groom, who was the bridesmaid. They wore green dotted Swiss gowns with white lace trim and carried bouquets of yellow roses and white daisies.

Robert Moore of Russellville, Arkansas, friend of the groom, was best man. Wayne Neuman of Devine, cousin of the bride, was groomsman.

Ushers were Rodney Grunwald of San Antonio and Wayne Neuman of Devine, both cousins of the bride.

Susan Stansell played the organ and Joe Lee Nixon sang "The Twelfth of Never" and "Whither Thou Goest".

A reception honoring the couple was held in the educational building in the church immediately following the ceremony.

Miss Lori Neuman, cousin of the bride, attended the guest book. Mrs. Susan Hilmer of San Marcos, Terrie Sue Cavender, Nancy Cavender of Sabinal and Billy June Davis of Pearsall, friends of the couple, assisted with serving.

The couple will establish their home in Wichita, Kansas where Mr. Hollan is stationed at McConnell AFB. Mrs. Hollan will attend Friends University in Wichita, Kan. REHEARSAL SUPPER

Mr. and Mrs. Hubert S. Hollan entertained 12 members of the Hollan-Neuman bridal party at a steak dinner held at an inn in Helotes Friday evening, June 25, following a wedding rehearsal at the First Methodist Church in Devine.

Miss Stephen D. Campbell

Grooms Father Marries Couple

Miss Roberta Kay Raish and Stephen Donald Campbell recited wedding vows before the groom's father, Dr. Donald Keith Campbell, Friday night in Northwest Presbyterian Church.

After a wedding trip to Colorado they will reside at 1002 Annex Avenue. The new Mrs. Campbell attends the Baylor School of Nursing in Dallas. Her husband attends the University of Texas at Arlington.

Dr. and Mrs. Robert Paul Raish of Dallas are parents of the bride, a Kimball High School graduate and former student at Baylor University and John Brown University.

She is the granddaughter of Mr. and Mrs. Jack Ulbrich, Sr. of Hondo.

Her husband, a Bryan Adams High School graduate and member of the senate at John

Brown, is the son of Dr. and Mrs. Campbell, Dallas.

The bride's sisters, Miss Debbi Ann Raish, Mrs. Terry Ward and Mrs. George Christian, were honor attendants and best man was Tim Campbell, the groom's brother.

Also in the wedding were Mrs. Ronald Holbrook, Miss Mary Campbell, Miss Barbara Holmes, George Christian, Bob Hendricks, Ronnie Bridges, Frank Seay and Steve Prinz.

For her wedding the bride who was given in marriage by her father, chose a gown of shiffler embroidered Swiss organza with Venice lace insertions. The fitted bodice was fashioned with a portrait neckline and bishop sleeves.

Lace bands adorned the bouffant skirt and chapel-length train. Her chapel veil of illusion was bordered in lace and fell from a lace covered Dior bow.

She carried a Victorian hand bouquet of lilac roses and baby's breath.

This week

That's all she wrote

by Edna McDade

This week will be the last one of the almost ten weeks I have spent so enjoyably in what I have come to consider my "home away from home" and where I can feel myself at least a semi-useful part of a family.

It is comforting to let responsibility rest on broader (and such willing) shoulders and to be able to do those little housekeeping chores that I have always found more appealing when the results perhaps made coming home from work more pleasant for the breadwinner.

Space permitting -- and the editor willing -- most of That's All She Wrote will appear elsewhere in this issue as a report of the long, long walk I took early this morning, with the special thought in mind of our many ANVIL HERALD readers who are now residents in nursing centers, in hospitals, bed or chair-bound at home and at least, temporarily, denied the freedoms of our wonderful outdoor world.

What I did was to focus attentive eyes and lend eager ears as I crossed the soft carpet of newly-mowed grass, through the meadow on my way to a favorite spot in the forest area that surrounds this Village on two sides.

With notebook in hand, I jotted down whatever I saw or heard that caught my interest. It is all reported in my story that you may share, if you will, my own experiences and reactions.

When you can't go yourself, this is a time when "second-best" might do as a substitute.

See you along the trail!

Mrs. Berta Britz honored at party

A surprise birthday party honoring Mrs. Berta Britz of D'Hanis was given July 4 at the home of Mr. and Mrs. Arthur Nester on Squirrel Creek Road west of D'Hanis.

Hostesses were her daughter-in-law, Mrs. Fred Britz, Jr. of San Antonio, and her daughter, Mrs. Maurice Hamm of LaPorte.

The refreshment table carried out the Independence Day theme being centered

with a permanent arrangement of red, white and blue flowers. One end of the table held a red rose-decorated cake and at the other, punch was served in red, white and blue cups. Mints and nuts were also served. Another table held a white iced chocolate cake and the coffee service. Both birthday cakes had inscriptions in red of "Happy Birthday Berta".

Among those gathered for a family dinner at the steak house besides Mrs. Britz and the hosts and hostesses, Mr. and Mrs. Fred Britz, Jr. and Mr. and Mrs. Maurice Hamm, were Mrs. Mary Moore, Cathy Britz, Gay Ellen Britz and her friend Ronnie Richter, Mr. and Mrs. Gary Davis and Kimberly Kay, Linda and Debbie Hamm and Mr. and Mrs. John Schubert.

The family group went to the Nester home for cake and coffee. During the afternoon about 45 friends and relatives called to complete the surprise party. Afterwards supper was served to the family group by Mr. and Mrs. Nester.

Senior League Baseball

Senior League baseball players on the Hondo-D'Hanis-Andera All-Star team really went to town in Nueces Canyon Monday night.

They romped over the Nueces Canyon All-Stars by a 19-0 score in an abbreviated game. Every boy on the 14-squad saw action and everyone of them collected a hit.

Both teams saw action in Hondo Wednesday night and the winner of that game is scheduled to play the winner of the Pleasanton-Devine series there Monday, July 19.

Should Hondo be the winner in its present series the local area All-Stars host the Pleasanton-Devine winner team in Hondo on the night of July 21.

**Don't let him get away!**

Now would you believe your eyes on these fishermen? If you don't recognize them in all this activity, take a closer look and you will see Harold Johnson on the left and Jim Prenzler on the right. The caption handwritten on the back of the pictures says: "Harold Johnson fighting 18-pound

Kingfish"; and "Jim Prenzler fighting shark!" Fishermen always tell of the one that "got away." Well, not these two. They tell about the one "they let go and encouraged to get away" - the shark Jim is fighting.

Parents Know the Drug Threat

The child you save may be your own!

By

Jerry Williamson

Hondo

Chief of Police

**Today's Subject: Summary of This Series**

Those of you who have followed my series on drug abuse have been with me now for the past 13 weeks, and it is my sincere hope that the information I have shared with you has been helpful in learning about drugs and stimulating to the mind in making your personal determination to LEARN MORE. I can assure you that the more you know about drugs, the more benefit you will see to your children on the subject and the more you can do for our community to fight the drug curse.

Parents have long told their children not to use drugs, except under a doctor's prescription, but now you can authoritatively say WHY drugs should not be abused and the many harms that can come to those who do abuse drugs.

Most of our discussions have been on the prevention through knowledge approach to the drug problem, but here I want to state things to watch for that might indicate a person is already using some type of drugs. Ten frequent signs of drug abuse are:

1. Moral ill health. Normal value changes and unusual ideas taking their place.
2. Mental ill health. Emotional extremes with a marked loss of interest in usual goals. Unusually bad grades in school, signs of a change in personality.
3. Physical ill health. Loss of weight, changes in skin color, loss of body tone, unnatural careless stance and posture.
4. Development of a fear complex. Usually convinced that someone is "after them." Suspicious about everyone around them, even family members.
5. Marked appetite extremes. No appetite at all and when this changes and they do eat, the amounts of food intake are huge, particularly in the line of sweets and liquids.
6. Extremes in disposition. Either highly stimulated and overly talkative or very sleepy.
7. Extremes in emotions. Frequent spells of crying or hysterical laughter. Very frequently showing feelings against any authority.
8. Needle marks, skin boils, sores. Scars from use of needles many times become very infected.
9. Body and breath odor very unpleasant.
10. Eyes usually very bloodshot and watery. Pupils very small, eyes often wide.

If you suspect a child is taking some form of drugs, it is probably best, for the first step, to consult your family doctor. He is very well qualified to confirm your judgment.

Here are some of the street terms you want to listen for now that you know they are definitely connected with drug use. These listed below are common to the drug scene:

- | | |
|--|--|
| MAINLINE: Using drugs by means of intravenous injection | BLASTED: Under the influence of some drug |
| OD: Overdose usually deadly | BUSTED: Arrested |
| OUTFIT: Equipment for giving injections | BURNED: Cheated on a drug purchase |
| PEACE PILL: A tranquilizer most usually given by Veterinarians, sometimes called a "Hog" | CAP: A capsule containing a drug |
| PUSHER: A seller of drugs | COLD TURKEY: An abrupt stop in use of drugs in an effort to quit |
| SPACED: Inability to concentrate, mentally adrift | FIX: An injection of drugs |
| STONED: High on drugs | GIVE WINGS: Give first injection of Heroin to a friend |
| TRIP: High on hallucinogens | HIGH: Under the influence of some drug |
| TURNED ON: To be given drugs, to be happy or high | HIT: One puff on a Marijuana cigarette |
| TURNED OFF: To quit the use of drugs entirely | HOOKEED: Dependent on drugs |
| BAG: A user's favorite drug | TURN ON: To start a friend on drugs |
| BIG C: Cocaine | JUNKIE: A Heroin addict sometimes called "Hype" |

All things considered, it is not the responsibility of any one group of people, government agencies, doctors, law enforcement people, ministers, parents—to minimize the drug threat this country faces today—it is the responsibility of all of us!

This series brought to you as a public service by the following civic-minded merchants.
